

# Vertiv™ Avocent® MergePoint Unity™ KVM over IP and Serial Console Switch for Dell Plug-in for Avocent® DSView™ Management Software Release Notes

VERSION 2.3.7, AUGUST 10, 2020

## Release Notes Section Outline

1. Enhancements
2. Notes

### 1. Enhancements

This release added support to enroll the appliance in the Avocent® DSView™ 4.5 management software [Service Pack 10 (SP10) or higher] with 2048-bit certificate.

### 2. Notes

This plug-in requires the following:

- Java 8-based Avocent® DSView™ 4.5 management software, Service Pack 10 (SP10) and higher.
- Avocent® MergePoint Unity™ switch for Dell firmware version 2.8.3.
